back of the items on the agenda.

SENATOR BURBACH: Again, however, we were late in getting to this point. Now it is now 11:23 a.m. so we are late. If these things are not considered today, I will reschedule them for tomorrow and I will contact those Legislators, in this case it will be Barnett and Lewis, and try to stick to our responsibility tomorrow for this calendar. So I am agreeing that this be delayed at this time.

SENATOR KELLY: Mr. President, I would respectfully submit to the body that we allow movement away from the agenda in our own minds because this is the first one we have ever had but I would also like to have us believe that this does not set a precedent, that this is a complete exception because it is the first one.

PRESIDENT: Mr. Clerk.

CLERK: Mr. President, we have an Attorney General's opinion addressed to Senator Duis which will be printed in full in the Journal. Mr. President, a motion on the desk. I move for the introduction of the attached bills. Signed Senator Luedtke. It is a bill relating to juveniles; to redefine a term; to change provisions relating to contributing to delinquency of certain children.

PRESIDENT: Senator Luedtke.

SENATOR LUEDTKE: Mr. President, members of the Legislature, this is your request #742 which is on your desk. This is another of the, I hope it's the last. I believe it is the last. We may have one more of the Committee of Children and Youth bills that were brought up by the subcommittee on Juvenile justice headed by Senator Barnett. This is merely a technical one which makes LB 620 and the other laws relating thereto to conform as far as we are talking about the words, "delinquency", "neglect", "need of special supervision", this sort of thing. It's merely putting into the rest of our body of law that which was brought about by LB 620 last session.

PRESIDENT: Request by Senator Luedtke, Request #742, to introduce a bill. It is a machine vote requiring 30 votes. Record your vote. Record, Mr. Clerk.

CLERK: 71 ayes. 0...31 ayes, 0 nays, on the motion to introduce.

PRESIDENT: Motion carries.

CLERK: LB 548. Read title. Mr. President, there are pending some motions by Senator Hasebroock to withdraw LB 501. It is found on Page 453 of the Legislative Journal.

PRESIDENT: Senator Hasebroock.

SENATOR HASEBROOCK: Mr. President, members of the Legislature, I ask...can I make a motion or can I do it by unanimous request or..

PRESIDENT: Unanimous request would be in order first, Senator.

SENATOR HASEBROOCK: All right. I ask by unanimous request that I may withdraw LB 501. It is a bill that seems to have been agreed on by all parties concerned, that they would agree to it and they don't need it so I am withdrawing it.
